EXAMINER'S AMENDMENT

- 1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
- 2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Kasey C. Christie (registration No. 40,559) on July 22, 2004.
- 3. The application has been amended as follows:
- 4. In the claims:
 - a. Claim 30:
 - i. Line 23, replace "the input object" with an input object --;
 - b. Claim 37;
 - ii. Line 2, replace "executabl" with -- executable --.
- 5. The following is an examiner's statement of reasons for allowance:
 Claims 6-18 and 30-42 are drawn to an apparatus and method, respectively. The
 closest prior art, Johnson et al. U.S. Patent No. 5,748,741, teaches a similar device and
 method. However, they neither show nor imply splitting the input executable code into a
 a first portion of input executable code comprising at least a predefined portion of a nonmarked application program; and a second portion of the input executable code

comprising a remaining portion of the non-marked application program, or pre-defined executable security code. See page 23, 1st full paragraph. This feature recited in independent claims 6 and 30 renders claims 6-18 and 30-42 allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
